WELCOME TO AUTISM SERVICES AT ROCK!

ABA AT ROCK is committed to offering a flexible, family-centred, and evidence-based service that the community has come to expect from us. We believe in building the capacity of both our clients and their families by teaching the skills needed to live productive, independent lives.

WE UNDERSTAND that the recent changes to the Ontario Autism Program have been confusing... but we are here to help! Our service planning process is designed to help you navigate the system and feel confident in your choices. We provide support with:

- Understanding funding
- Choosing the best service for your child
- Answering any questions you may have

On February 6, 2019, the Ministry of Children, Community and Social Services announced changes to the Ontario Autism Program.

Up to date information can be found on the Ministry website:
www.ontario.ca/autism.

OUR CLINICAL TEAM will help you with the decision-making process, every step of the way. We begin by completing a thorough assessment of your child's current strengths and needs, after which we will assist you with selecting goals and services most beneficial for your child.

ASSESSMENT

Our staff will support you in selecting the goals and service model

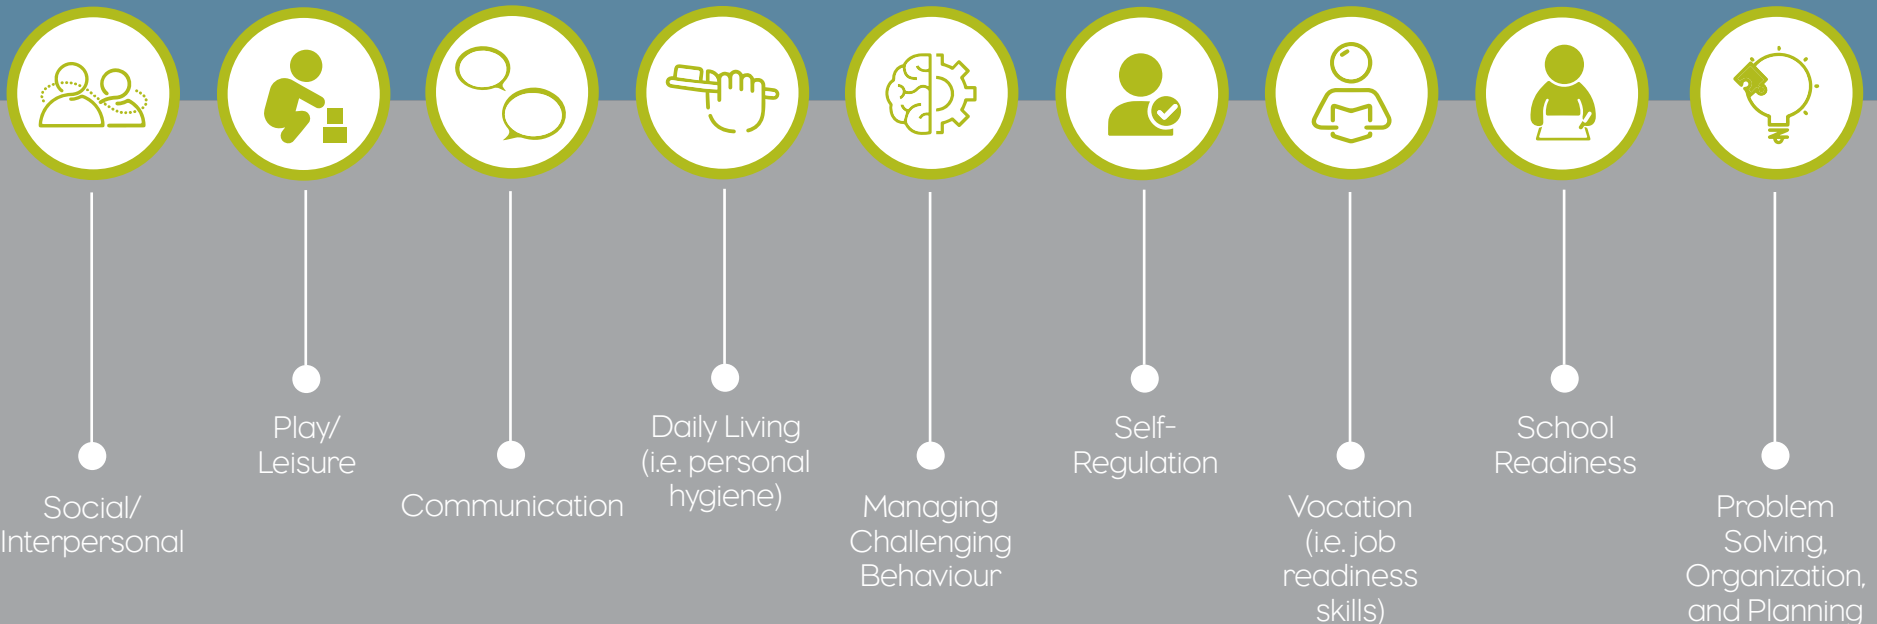

INTERVENTION

ROCK is the Ministry's appointed Lead Agency for children's mental health in Halton and has been providing high quality service in our community for 40 years. As a part of ROCK, our Autism team collaborates with our mental health staff at ROCK to provide a holistic approach for clients that wraps around their needs.

WE HAVE locations in **Oakville, Burlington, Milton and Halton Hills**. Depending on the focus of programming, we are able to run sessions in one of **our offices, at home or in the community** and are willing to provide consultation in school, on a case by case basis. All services are available for clients between the ages of 9-21 with a diagnosis of autism.

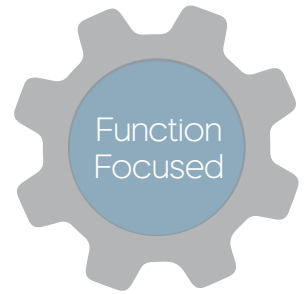

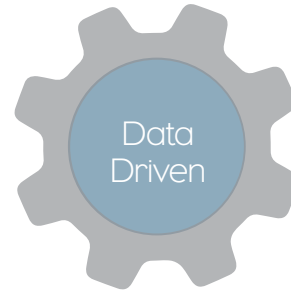

OUR PROGRAMS are clinically supervised by a Board Certified Behaviour Analyst (BCBA), and are eligible for purchase with the Provincial Childhood Budget or privately.

OUR PROGRAMMING is based on the principles of Applied Behaviour Analysis (ABA) and focuses on increasing the functional skills of our clients, including:

WHAT IS ABA?

Applied Behaviour Analysis

ABA is considered the **"gold standard"** of treatments for **individuals with autism**

ABA can produce **meaningful & socially significant**

changes in behaviour

ABA can be used to...

Increase

functional behaviours through skill building

Decrease

problem behaviour

ABA interventions are **individualized** and cover a wide variety of

Diagnoses

Behaviours

Needs

WHAT DO WE OFFER?

With ABA at ROCK, each child's treatment pathway is unique.

Depending on your child's strengths and the identified areas of need, goals may be targeted in a group, individually, or both.

SERVICE PLANNING - FREE!

We understand that service decisions can be overwhelming. ABA can be used to teach so many different skills. What should be focused on first? What skill is most important? What type of service is most beneficial?

Our service strives to eliminate the guesswork for families.

Our knowledgeable clinicians can assist you with these decisions.

Call today to schedule your free initial service planning consultation and find out more about our service.

Cost: FREE!

ASSESSMENT

A strong assessment provides confidence that the right goals are selected at the right time for your child. All of our services begin with an assessment of your child or youth's individual needs and strengths. The assessment includes:

- Interviews with parents or guardians to gather information
- Observations in the home or community
- Completion of relevant behavioural or skill assessment tools
- An Introduction to ABA workshop for the parent or guardian, conducted one-on-one with a behaviour therapist
- Assessment Report
- 4-5 sessions

Cost: \$898.00

PARENT WORKSHOPS

We believe that parents and guardians are a crucial important part of the treatment team. Attending our parent training workshops is an excellent way for parents to empower themselves with the knowledge and skills to help support their child.

The following workshops are offered periodically throughout the year:

- Introduction to ABA
- Emotional Regulation
- Healthy Sexuality

Please see our calendar for the dates, times and locations!

Cost: \$100.00

DIRECT CONSULTATION AND TREATMENT

Our direct consultation and treatment service focuses on decreasing problem behaviour and/or increasing functional skills, based on the current needs and strengths of your child.

This service includes:

- An individualized Behaviour Plan focused on 1-2 goals
- Available in your home, our office, or community
- Travel within the Halton region
- Progress Summary Report
- Weekly, two hour sessions for 12 weeks

The number of sessions per week can be customized to fit the needs of your child.

Cost: \$2590.00

NEED A LITTLE EXTRA?

Additional sessions can be purchased and added on to any of our direct service or group options as needed. Includes:

- Five, two hour sessions
- Available in your home, our office, or community
- Travel within the Halton region

COST: \$879.00

SKILL DEVELOPMENT GROUPS - FALL SESSIONS

Skill development groups are an important part of your child's treatment pathway. Groups provide the opportunity to learn and practice social, life and communication skills with peers in a group setting.

Our skill development groups include:

- Evidence-based content
- Individualized Behaviour Plan
- Instruction from skilled and experienced behaviour therapists
- A Progress Summary Report

We believe that creating a well-matched group of participants is essential for a successful group. The age of participants and the level of support they require are taken into account during the group planning process. Please note that our groups are capped at a 1:4 ratio.

Call us today to discuss enrolling in one of the following skill development groups:

SKILL DEVELOPMENT GROUPS - FALL SESSIONS

Social Skills

Participants will learn the necessary skills needed to navigate their social world. Goals are individualized for each participant, but may include maintaining conversations, turn taking, and problem solving.

Duration: 10 sessions, 2 hours per session

Date: October 8 - December 10, 2019

Time: Tuesdays, 6:00-8:00 pm

Location: ROCK Oakville

Participants: 9-13 years old, Intermediate learners

Cost: \$1033.00

Working Towards Independence

Building independence both at home and in the community will build your child's confidence as well as your own. Leisure, daily living activities and social skills will be taught and practiced in the centre or community. Goals are individualized for each participant but may include budgeting, transit, meal planning and preparation.

Duration: 10 sessions, 2 hours per session

Date: September 26 - November 28, 2019

Time: Thursdays, 6:00-8:00 pm

Location: ROCK Burlington

Participants: 14-17 years old, Advanced learners

Cost: \$1033.00

SOCIAL HANGOUTS

Our two hour social events are an opportunity for graduates of our direct treatment and/or skill development groups to practice their social skills in a relaxed setting. Pre-registration required. Activities, snacks and fun included.

Cost: \$58

"JOB READY" E-MODULE - COMING SOON! FOR AGES 15 AND UP

Our innovative Job Ready program is a unique combination of four online, e-learning modules and in-classroom sessions.

Your child will complete each module at their own pace at home prior to attending the corresponding group session. In person sessions will include the opportunity to practice and apply key concepts with peers and experienced behaviour therapists.

The Job Ready modules are available for participants to access as many times as they wish for the duration of the 8-session program, to allow you or your child the time and flexibility to review key concepts as needed.

Topics include how to conduct a job search, how to create a resume and cover letter, how to conduct an effective interview and general workplace skills.

Duration: : 4 e-learning modules, 4 two hour in-classroom sessions

Date: TBD

Time: TBD

Location: TBD

Participants: 15+ years old, Advanced learners

Cost: TBD

PROFESSIONAL CONSULTATION

Do you work in a school, group home or community agency with individuals with challenging needs? Our Professional Consultation service is designed with you in mind! The Consultation Report will provide you with a better understanding of why challenging behaviours are occurring as well as recommendations.

This package includes:

- Interviews and observations to gather information
- Completion of relevant behavioural or skill assessment tools
- Travel within the Halton region
- An Introduction to ABA workshop for staff, and/or caregivers
- Consultation Report
- 5-6 sessions

Cost: \$1167.00
